expressed about changes in Kames Bay. So far no response to public enquiries about these changes, Gregor Harvey sought assurance of information about how the program of construction is changing in advance of actual changes. Other concerns about Kames Bay being used for bringing in equipment onto the island; also concerns about road maintenance going on at the same time. Chair requests all questions for the contractors to be sent in to Community Council; these will be summarised and passed on to contractors.  Marina, Graham W  Business case still being considered by NAC.  Issues arising  Planning & licencing, Gregor H  Thanks to councillors for their support and community views that were sent in to planning; Cllr Murdoch congratulated everyone involved in the campaign; an appeal is expected from Comsol; Cllr Marshall pointed out that the planning committee decision was unanimous, making it difficult to change. Chair thanked councillors for their support and community views that were sent in to planning; reaffirmed thanks to the whole island.  Road works on Stuart Street and Gilbert Street lasting around 5 days.  Benches being removed as the Flood Prevention Scheme progresses.  Knotweed spraying has been started already – list of areas already done to be obtained. NAC were asked when the remainder will be sprayed.  NAC were reminded that road markings at Kames Bay still need to be reinstated following the highway resurfacing a few months ago.  As we are now entering the busy summer season again, the number of vehicles staying overnight around the back of the island has gone up dramatically.  Councillors' updates, Cllrs Ferguson, Murdoch & Marshall  Councillors' updates, Cllrs Ferguson, Murdoch duplicated the point that the planning committee decision was unanimous, making it all the more difficult for it to challenged.  Memorial board being considered for plaques.  Litter services being increased during summer.  Road markings need attention.  No parking signs needing to be finished around the island – only 3 sign
